

Buraimoh Malik

Data Annotator | Graphic Designer | AI Fluency Certified
braimohmalik@gmail.com

PROFILE

Detail-oriented communications and multimedia professional with a strong track record of producing accurate, high-quality work across structured workflows. Experienced in reviewing content against defined standards, following complex guidelines precisely, and maintaining consistency across high-volume tasks. Skilled in identifying inconsistencies, flagging ambiguities, and delivering structured feedback with clarity. Holds an AI Fluency certification and is passionate about contributing to the development and evaluation of advanced AI systems. Proven ability to work independently with focus and reliability over extended task batches.

EXPERIENCE

AI Data Annotator

June 2025

Freelance

- Performed text annotation, classification, and labeling tasks across structured datasets.
- Evaluated AI-generated outputs for quality, accuracy, and correctness.
- Followed strict annotation guidelines to maintain consistency across tasks.
- Worked with structured datasets and annotation workflows to support AI training pipelines.

Personal Assistant to General Manager

Sep 2021 – Apr 2023

Lagos State Electricity Board

- Reviewed and quality-checked official reports, correspondence, and documentation before submission to the GM.
- Proactively flagged inconsistencies, ambiguities, and errors in internal documents and communications.
- Coordinated and tracked multiple concurrent tasks, ensuring completeness and accuracy at every stage.

Graphic Designer

May 2020 – Sep 2021

Guild Press Limited

- Applied and enforced brand guidelines precisely and consistently across all client deliverables.
- Reviewed design proofs for errors, misalignments, and inconsistencies before client delivery.
- Followed detailed client briefs with minimal deviation, producing work that met exact specifications.
- Managed multiple concurrent projects with careful attention to quality standards and deadlines.

Video Editor

May 2023

News Round The Clock

- Reviewed and evaluated video footage against editorial standards before publication, ensuring accuracy and consistency.
- Applied structured quality checks to each segment, identifying errors in pacing, audio, and visual continuity.

SKILLS

Attention to Detail & Quality Assurance · Structured Review & Content Evaluation · Guideline Adherence · Edge Case & Inconsistency Detection · Written Communication & Feedback · Documentation & Reporting · AI Tools Familiarity · Graphic Design · Motion Graphics · Video Editing · Drone Operation

EDUCATION

Bachelor's Degree – Mass Communication & Media Studies

Sep 2023 – Present

National Open University of Nigeria

National Diploma – Mass Communication

2018 – 2021

Yaba College of Technology, Lagos

CERTIFICATIONS

AI Fluency: Framework & Foundations

PROJECTS

AI Response Evaluation (Personal Project)

- Designed a personal workflow to evaluate and rank AI-generated responses based on accuracy, relevance, and clarity.
- Applied structured rubrics to assess outputs, simulating real-world AI training (RLHF) evaluation tasks.
- Practiced identifying edge cases, ambiguities, and inconsistencies across repeated evaluation sessions.

Content Review & Quality Assurance (Administrative Role)

- Systematically reviewed high volumes of official documents and communications for errors and inconsistencies.
- Developed a personal checklist framework to ensure consistent quality across recurring documentation tasks.
- Flagged ambiguous instructions and unclear directives proactively to prevent downstream errors.
